# Light Tower w/Light Tower Adaptor

**Get visual and audible alerts in your facility in response to alerts or conditions detected by Room Alert.**

## We've got facilities covered.

Add visual alarm warning lights and audio alerts to your facility which can be triggered by a Room Alert monitor or in response to an alarm condition. Mount the Light Tower in a highly visible location to give your staff immediate visual & audio alerts to environment conditions that can negatively impact your staff or facility. For more information and specifications, please visit AVTECH.com.
